

BlackBerry® Curve™ 8310

Full BlackBerry functionality plus GPS

Designed for...

Business customers looking for a lightweight QWERTY device for quick and easy data entry, an integrated camera as well as a device to make and receive calls and for navigation.

A bit more detail...

- Inbuilt GPS and BlackBerry® Maps gives you an international route planning service. Use the GPS to find your current location and then get a route plan to any address. Add on Telmap Navigator for full Satellite navigation¹
- 2 megapixel camera with flash and x5 zoom
- Smaller than BlackBerry® 8800 smartphone, larger than BlackBerry® Pearl™ smartphone
- Great converged device – sleek and lightweight design
- Quad-band handheld, operates on 850/900/1800/1900 MHz GSM/GPRS/EDGE wireless networks, allowing for international roaming between North America, Europe and Asia Pacific
- Full QWERTY keyboard for fast data entry and messaging
- Stereo Bluetooth® support and built-in speakerphone for hands-free operation.

A few great reasons to choose the BlackBerry Curve

- Small and light but with a great size screen for easy viewing
- High resolution, light-sensing screen – optimises LCD screen lighting levels automatically for ideal indoor and outdoor viewing
- Great multimedia experience – a full screen mode for playing back videos, 3.5mm industry standard audio jack
- Spell checker to help keep your messages professional
- Enables you to work anytime anywhere²
- This all-in-one device makes life easy with push email, browsing, applications, text and voice. Gets you where you need to go.

¹Telemap satellite navigation available as an optional extra. ²Subject to network availability.
